

CBM

Goat milk products

Company

Ausnutria Dairy Ingredients is a division of Ausnutria, a professional and fast-growing company with over 100 years of experience in the dairy industry. From its headquarters and five production sites in the Netherlands, both the consumer and the corporate global markets are served with high quality infant formula and other types of dairy products. With a firm belief in the natural benefits of goat milk, Ausnutria Dairy Ingredients markets a full range of goat milk ingredients under the brand CBM. The CBM brand is world leading in high quality goat milk ingredients for the global business-to-business market.

Goat Micellar Protein Concentrate 60

 **MADE IN HOLLAND**

GOAT Caseinates Overnight Recovery starts here

Characteristics

- ✓ ±90% casein protein / 10% whey protein
- ✓ 40 - 48 g casein protein intake per serving
- ✓ Excellent digestibility and bioavailability
- ✓ Rich in vitamins & minerals
- ✓ Presleep casein protein ingestion:
 - increases plasma amino acid availability during sleep
 - reduces muscle soreness and recovers muscle damage
 - contributes significantly to the amino acid content in the blood

Ausnutria GMPC60 is high quality casein protein supporting the posttreatment recovery and positively affects the protein metabolism for patients.

“Milking the difference”

Presleep protein ingestion improves muscle adaptive response

Goat Micellar Protein Concentrate 60

Presleep protein ingestion improves muscle adaptive response

Caseinates as a presleep protein supplementation ingested immediately before sleep is effectively digested and absorbed. Casein is a more slowly digestible protein source, allowing a more moderate but prolonged rise in plasma amino acid concentrations. Thereby it is supporting and stimulating muscle protein synthesis and improving whole-body protein balance during postexercise overnight recovery².

GMPC60 casein to whey ratio: ±90:10

Packaging

- Multiply paper bag with PE liner, 15kg
- Other packaging available
- Suitable for export

| Chemical/Physical characteristics | Typical values |
|-----------------------------------|----------------|
| Protein (N*6.38) | 60% |
| Fat | 1% |
| Lactose | 25% |
| Ash | 9% |
| Moisture | <4% |

Storage instructions

- Product should be stored in a cool, dry and dark environment

Product Characteristics

- Very mild and neutral taste
- Easy to digest
- Slow release into the body

Applications

- Sports Nutrition
- Dairy Beverages and Snacks
- Healthy Ageing
- Medical Nutrition
- Yogurt

Shelf life

- 18 months after manufacture date
- Stored according instructions and in original packaging

Certifications

- BRCS / ISO
- Kosher
- Halal

| Microbiological | |
|------------------------|----------------|
| Total plate count | <10.000 cfu/g |
| Yeasts and mould | <100 cfu/g |
| Staphylococcus aureus | Absent / 1 g |
| Salmonella | Absent / 125 g |
| Listeria monocytogenes | Absent / 125 g |
